

CENTRAL RETAIL

CENTRAL PARK'S OWN SHOPPING CENTRE

Within the first six levels of One Central Park's residential towers sits Central - a new retail centre containing Woolworths and approximately 60 specialty retailers. The centre spans 16,000m², offering a mix of fashion, homewares, fresh food, restaurants, bars and entertainment.

Central will be accessible from three directions: via large entrances on Broadway and the new Central Park Avenue as well via the new 'French steps' which lead down from Chippendale Green to an outdoor dining experience in the Lower Ground courtyard. The remainder of Lower Ground is anchored by Woolworths and a selection of fresh food and service retailers.

The Broadway & Central Park Avenue entrances lead into Ground Level where you will find a mix of fashion and homewares that continues onto Level 1. On Levels 2 and 3 there is an array of Eastern and Western flavoured food stalls, bars and restaurants, set to trade later into the evening.

Timing:

- Construction is well underway, completing mid 2013.
- Retail leasing underway.
- Central retail opens Spring 2013.
