## PLANNING

The concept plan and subsequent Project Applications for the various stages of Central Park are assessed by the NSW Department of Planning & Infrastructure. All submissions, including plans, consultant reports and submissions, are available on the Department's web site.

The Central Park Display Pavilion is located at 80 Broadway, open 10am to 6pm every day. Members of the community are welcome to visit the Display Pavilion to view the concept plan model and for further information.

Visit <http://majorprojects.planning.nsw.gov.au>, and search for 'Central Park'.

Submissions and comments on planning applications are welcomed during public exhibition periods, and can be submitted via the web site.

If you have any comments on planning or development at Central Park, contact Carlene Summers (details above), or submit a feedback form at this Community Information Day event.
