

WELCOME

Central Park is rapidly transforming into a world-class sustainable commercial, retail and residential quarter, with a major new public park at its heart.

Since acquiring the old Carlton United Brewery site in 2007, Frasers Property – and now with joint venture partner Sekisui House Australia – has endeavoured to engage, inform and involve local residents and the community at all stages of the project.

At today's Community Information Day, senior staff and project consultants are here to answer any questions you may have and to update you on our progress to date and plans for the future.

Elton Consulting are here today to document your feedback.

You can also climb take a sneak peak into Central, our multi-level retail hub.

YOU MAY BE INTERESTED IN THESE CURRENT ACTIVITIES:

- Kensington Street: adaptive re-use of terraces and warehouses, and associated new construction (pending planning consent)
